🔴 ICYMI: Newbook is Now Storable 🔴

Big news for the outdoor hospitality industry: Newbook has officially evolved into Storable — bringing even more innovation, resources, and long-term investment into the platform operators already love.

What's new?
A unified brand, a modern look, and a stronger ecosystem behind the scenes.

What's not changing?
The powerful tools you rely on — and the same team dedicated to helping RV parks and campgrounds deliver outstanding guest experiences.

If you haven't explored the new Storable Newbook experience yet, now's the time.

Glamping operators, let's talk central control. ⛺🌲

Running multiple unique sites (domes, cabins, yurts, maybe even a treehouse?) demands a system built for glamour and scale. Few reservation tools truly handle the complexity of multi-site operations and hotel-level guest expectations.

We break down the 7 essential features you need, from cloud-based accessibility to automation tools, and highlight why Storable Newbook is the all-in-one solution trusted by top outdoor hospitality brands worldwide.

Stop juggling multiple platforms and start scaling your glamping business
